

Introduction

A Group Leader in The Gig Club acts as a community builder, promoter, and network manager. Group Leaders help connect people, encourage purchases, expand community engagement, and create opportunities for members to benefit from the platform ecosystem.

A Group Leader is not just a member — a Group Leader becomes a growth partner who helps build a strong network and community.

Steps to Become a Group Leader

The screenshot shows the 'Group Administrator Registration' form on the The Gig Club website. The form is located on a page with a red header containing the site logo, search bar, and navigation links. The form itself has a white background and a red border. It contains the following fields:

- *Name
- *Username (Enter email ID)
- *Password
- *Confirm Password

A red 'REGISTER' button is located at the bottom left of the form. A red icon of a person is visible on the right side of the form.

Step 1: Register on The Gig Club

Step 2: After registration, an admin will verify and approve your account

Step 3: Once your account is approved, you can log in as a Group Leader using the username and password you provided during registration

Advantages Of a Group Leader

1: Group Leaders receive incentives linked to group activity, referrals, transactions, or community growth depending on the platform structure.

2: Flexible Working Model. This flexibility allows members to work according to their own schedule.

3: Active Group Leaders can become recognized within the community and may gain visibility for their contribution and performance.
